

Hitlist Summary

File: demo7.cpp, Line: 5, Column: 1

Warning: Potential for integer overflow (CWE-190)

Suggestion: Ensure that arithmetic operations do not exceed the data type's limits, consider using safe integer arithmetic

File: demo7.cpp, Line: 8, Column: 5

Warning: Potential for integer overflow (CWE-190)

Suggestion: Ensure that arithmetic operations do not exceed the data type's limits, consider using safe integer arithmetic

File: demo7.cpp, Line: 10, Column: 7

Warning: Arithmetic operation may lead to integer overflow (CWE-190)

Suggestion: Review operations for potential overflows, especially in loops or involving data-dependent conditions
